The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured; pointing out a mode of eure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may sure himself cheaply, privately, and resiculty. whether or not a patent can be obtained.

[N. O. Christian Advocate.] THE PRICE OF A DRINK. BY MISS JOSEPHINE POLLARD.

"Five cents a glass!" Does any one think
That that is really the price of a drink?
"Five cents a glass," I hear you say,
"Why, that isn't very much to pay,"
Ah, no, indeed: 'tis a very small sum
You are passing over 'twixt finger and thumb
And if that were all that you gave away,
It wouldn't be very much to pay. The price of a drink? Let him decide Who has lost his courage and lost his pride, And lies a groveling heap of clay, Not far removed from a beast, to-day.

The price of a drink! Let that one tell Who sleeps to-night in a murderer's cell, and feels within him the fires of hell. Honor and virtue, love and truth, All the glory and pride of youth. Hopes of manhood, the wreath of fame, High endeavor and noble aim. These are the treasures thrown away As the price of drink, from day to day.

"Five cents a glass!" Oh, if that were all, The sacrifice would, indeed, be small! But the money's worth is the least amount We pay; and whoever will keep account Will learn the terrible waste and blight That follows the ruinous appetite. "Five cents a glass!" Does any one think That that is really the price of a drink?

Mother Attempts to Take Pair of

Shears from Her Child. PARENTS BE CAREFUL.

Domestic accidents are common to women, and Domestic accidents are common to women, and some of them are very serious. Mrs. Warner, of South Rondout, Ulster Co., N. Y., some weeks ago attempted to take from her child a pair of shears with which it was playing. A slight struggle ensued, in which the point of the shears entered Mrs. Warner's left eye, point of the shears entered Mrs. Warner's left eye, entirely destroying the sight. Her family physician did what he could, but intensely painful inflammation arose, which, by sympathy, threatened the loss of the other eye. Total blindness to a woman having the care of a household is an irretrievable calamity. In this strait Mrs. W. applied to the well-known and skillful Surgeon, Dr. David Kennedy, of Roulout, N. Y., who removed the injured eye by a very successful operation, setting aside all danger of further harm to the sight of the other eye. But, owing to pain and mental distress, her system needed a tonic and restorative medicine. To do this work the Doctor prescribed "Kennedy's Favorite Remedy," which sustained its reputation and laid a sure foundation of health.
